# City, Perry Twp. Show Census Gains

Salem city and adjacent Perry Township are among Columbiana County communities showing population gains, according to a preliminary report of the 1960 census received today from the U.S. Department of Commerce, Bureau of the Census.

Today's report, which is subject to revision, gives Perry Township a total population of 16,886 — a gain of 1,960 over the 14,926 township census figure 10 years ago.

Salem city's portion of the township total is 13,797 — a gain of 1,114 for the city.

Columbiana County as a whole has gained 7,669 persons since the 1950 census was conducted, although at least seven subdivisions, including East Liverpool, showed losses in population, today's preliminary report from the Census Bureau reveals.

Declines were noted in East Liverpool and Liverpool Township, Wellsville and Wellsville Township, Summitville village, Rogers village (down 2), Leetonia, Washington Township and Saineville.

Here are the preliminary census comparisons:

# House Meets on Foreign Aid Bill

WASHINGTON (AP)—The shadow of the shattered Paris conference and Communist-inspired rioting in Tokyo hung over the House today as it met to decide how much money to give the foreign aid program.

The issue boiled down to this: Should the House go along with its Appropriations Committee and provide \$3,384,500,000 to finance the program despite President Eisenhower's insistence that the amount is not enough?

Or, should it restore 25 million of the 790½ million dollars cut by the committee from the amount Eisenhower asked for the fiscal year starting July 1?

There was no thought of trying to restore the entire reduction and the chances of putting back the 250 million appeared about even.

Republicans, who in the past have led budget-cutting drives in the House found themselves in the position of advocating increases.

Pending when the House adjourned Thursday was an amendment by Rep. John Taber of New York, senior GOP member of the Appropriations Committee, to put back half the 400 million dollars cut by the committee from the two billion sought by the President for direct military assistance.

In the offing was another amendment by Rep. Gerald R. Ford (R-Mich.) to restore 50 million of the 124 million trimmed from the original request for 724 million for defense support funds.

Leading the drive for both amendments was Rep. Charles A. Halleck of Indiana, GOP floor leader.

"With the Communists having deliberately sabotaged the summit conference and having fomented rioting to block President Eisenhower's visit to Tokyo," Halleck told newsmen, "this is no time to let down our guard or soften our defenses in the free world."

Opponents of the amendments contended the extra money isn't necessary. If anything, they said, the summit failure and collapse of the planned Tokyo talks demonstrated that the foreign aid program isn't working too well.

# Two Motorists Cited After Traffic Mishaps

Michael F. Durand, 17, of 860 Homewood Ave. was cited for failure to yield the right of way following a two-car accident at 9 a.m. today at the intersection of Franklin Ave. and Aetna St.

Police said Durand failed to stop at the intersection and was struck by a car operated by Thelma Fraundorfer, 42, of 1732 Southeast Blvd.

Another Salem driver, Wayne R. Holloway, 19, was cited at 8:07 a.m. Thursday for reckless operation.

Police said he rammed his car into the side of a Broomall Construction Co. truck which was making a left turn from N. Ellsworth Ave. near E. 12th St. The truck was operated by Ray Scott, 42, of RD 1, Hanoverton.

Both vehicles were damaged. The Holloway car came to a stop on the curb lawn.

# Council Seeks \$10,000 Loan to Meet Payroll

City Council, at a special meeting Thursday night, approved the issuance of a note in the amount of \$10,000 for the purpose of meeting the General Fund Payroll and for paying off a \$2,000 note used to meet a similar payroll two weeks ago.

Only discussion which arose over the note was a question from Councilman Carl Abe as to why \$10,000 should be borrowed if the payroll was only \$8,606. It hadn't been explained earlier that the \$2,000 note issued on June 1 was to be repaid at this time.

The difference between the combined cost of the two-week-old note and the cost of the General Fund payroll is to be made up by nearly \$1,000 still in the fund.

Last night's action will enable the city to pay some 55 employees who have been waiting since Tuesday for their mid-month payday. They include firemen, police, city hall clerks, school patrolmen and custodial help and elective city officials.

In other action last night, Council approved an emergency measure an ordinance issuing notes of \$7,500 in anticipation of a \$7,500 bond issue for purchase of the Knights of Pythias property immediately south of the City Hall.

Council approved the purchase several months ago and last night took care of the money needed to consummate the deal. Another \$7,500 will be paid off on the property next year. The total purchase price was \$15,000.

Council also passed a resolution awarding bond issues of \$12,000 and \$11,000 for street improvements to the Police Pension Fund and the Firemen's Relief and Pension Fund with bids of 3½ per cent interest. Another \$3,200 issue is to be sold sometime later.

# City to Get Tax Advance From County

Mayor Dean Cranmer learned this morning that the city will receive partial payment of its share of real estate property taxes from the county auditor by June 30 which would mean that the next city-payroll scheduled for June 30 can be met without borrowing further funds.

The announcement by County Treasurer Vincent Judge and Auditor Kenneth Bell came as a pleasant surprise to city officials who earlier in the morning had borrowed \$10,000 to meet the mid-month payroll which was due last Tuesday.

Bell said the real estate tax money is not ordinarily distributed to cities until August.

This will be the earliest this tax money has ever been distributed. Bell told Mayor Cranmer.

Judge said that all real estate tax money received by June 20 will be tabulated and turned over to Bell for processing on June 21.

Auditor Bell told the mayor that he will process Salem's allotment first and make partial payment on or by June 30. At this time Salem will be given two-thirds of its total settlement. The remainder of the city's share will be turned over by Aug. 15, Mr. Bell said.

Just how much Salem's share will amount to is not known, but Mr. Cranmer said it would be more than enough to allow the city to pay off the \$10,000 borrowed this morning.

When the final settlement is made in August, this will be the last money the city will be receiving from the county until Feb. 1, 1961.

# Board Has Last Meeting Thursday As Mahoning Local

SEBRING — The Mahoning Local Board of Education, which is to be divided into two separate school boards, held its last meeting Thursday night at McKinley High School.

The group adopted a resolution to borrow \$100,000 from the First National Bank in Sebring to pay teachers' salaries and meet other obligations.

Norman Barnett, John L. Denney and Dr. J. Fred Jose will now become members of the newly-created West Branch District School Board. The Mahoning County Board of Education has appointed Richard Burton and Leland Glass to fill the two remaining seats.

Continuing as members of the Mahoning Local board will be Charles E. Mercer and George L. Gottschall. They will elect three others to serve the remainder of the terms of the three former members.

# Ike Relaxes on Cruiser Bound For Formosa

7th Fleet Alert  
For Any Show of  
Force From Reds

IN ROUTE WITH EISENHOWER (AP) — The mighty U.S. 7th Fleet kept an unflagging vigil today, ready to meet any Chinese Communist show of force as President Eisenhower steamed north toward the Nationalist Chinese island fortress of Formosa.

Vice Adm. Charles D. Griffin, commander of the fleet, told newsmen the Chinese Reds "might well do something" in an attempt to further mar the President's Asian tour, already blighted by cancellation of his visit to Japan.

# Begin Shelling Island

Shortly afterward the Red Chinese began shelling the off-shore Nationalist Islands to show their "scorn" for Eisenhower.

Eisenhower relaxed aboard the heavy cruiser St. Paul, flagship of the fleet, after his tremendous reception in the Philippines. He looked weary and grim as he boarded the cruiser in Manila Bay late Thursday night. It was no secret that he was unhappy that he was not going to Japan because of Communist-inspired mob violence.

But he could look forward to an extremely warmhearted reception from the Chinese Nationalists and similar outpourings of friendships in South Korea.

White House press secretary James C. Hagerty said Eisenhower will arrive in Korea on Sunday — three days earlier than originally planned. He will spend more than 24 hours there instead of the eight hours previously scheduled.

Several Days In Hawaii

From Korea, the President's big jet will take him to Hawaii for several days and then on to Washington. Hagerty said the plane would refuel en route to Hawaii, but not in Japan. Presumably it will put down at Okinawa or Wake Island.

Weather permitting, a helicopter will whisk Eisenhower from the deck of the St. Paul to Taipei's Pine Hill Airport Saturday to start his 24-hour Formosa visit. If rain continues on Formosa, the St. Paul will land the President at the port of Keelung, and he will be driven the 15 miles into Taipei.

The President spent the morning with his staff revamping his travel plans. Hagerty said he was calm and untroubled despite the international furor resulting from cancellation of his Japanese trip.

# 12 Await Action By Grand Jury

Recalled Panel  
To Convene Monday

County Prosecutor G. William Brokaw said today 12 defendants await consideration by the recalled April Grand Jury when it reconvenes Monday at 9 a.m. for what he hopes will be a one-day session.

The recalled 15-member jury will hear 18 witnesses in 10 cases. Anthony Brelih of Salem is the foreman.

Cases to be studied are:

- Benjamin L. McPherson, 26, of Alliance, second degree manslaughter in the death of Ralph E. Beck, 15, of Columbiana, who was struck by the McPherson car as he was going home from school on his motor scooter May 31.
- William H. Thomas, 44, of Wellsville, unlawful assault with intent to rape a woman there June 3.
- Raymond Patton, 21, Donald L. Bailey Jr., 19, and Daniel Gernanovich, 18, all of East Liverpool, burglary April 13 of the Stayton Store and Service Station on Rt. 45, south of Salem.
- Homer Gamble of East Liverpool RD, contributing to the delinquency of a 15-year-old East Liverpool boy.
- Elmer Hashman and Billy Elkins of East Liverpool and Isaac Freeman and Donald Williams of Wellsville, John A. Watson of Salem and Robert Trimm of Berlin Center, all charged with non-support of their minor children.

# President Blames Red China for Blocking Visit

EN ROUTE WITH EISENHOWER (AP) — It was learned today that President Eisenhower believes the Chinese Communists, with the aim of making anti-American propaganda, are responsible for blocking his visit to Tokyo.

The President, sailing aboard the cruiser St. Paul for Formosa, is known to hold these views:

The Chinese Communists acted in much the same way that Soviet Russia seized on the incident of the U2 spy plane to wreck the summit conference.

It is evident that all is not well between the Soviet Union and Red China.

The President believes Russian and Chinese Communist leaders are most unhappy about the warm mass receptions he received in many countries during his far-ranging travels in the last 10 months.

# Reds Bombard Quemoy To Show Scorn for Ike

TOKYO (AP) — Communist Chinese guns bombarded Quemoy today and Peiping Radio said the action was intended to display "contempt and scorn" for President Eisenhower.

The President is on his way to visit Formosa, 110 miles to the east of the Nationalist-held off-shore island.

Big guns in Fukien province on the Communist mainland opened up at 8 p.m. local time on Quemoy as well as the smaller Nationalist islands of Little Quemoy and the Tan Islets, the broadcast said.

It was an odd-numbered day of the month, meaning that Peiping was sticking to its self-imposed schedule of shooting at the off-shore islands only on such days. Today's announcement of the firing to greet Eisenhower omitted mention of firing Saturday, an even-numbered day.

Peiping radio said that today and again Sunday "a demonstration of arms against the United States—shelling to 'welcome and see off' Eisenhower—will be conducted at the Quemoy front." Inhabitants were warned to take cover.

The President is scheduled to arrive off Formosa at 9 a.m. Saturday and leave at 10:10 a.m. Sunday. Thus the bulk of the announced shelling would not take place when he is on the Nationalist Chinese stronghold of Formosa.

The broadcast raised to a fever pitch Communist China's denunciation of Eisenhower's Far Eastern journey.

It branded Eisenhower a "God of plague" who has "crossed from the east side of the Pacific to its west side."

"Waves of opposition have risen everywhere it has been announced he will visit. Eisenhower has been declared persona non grata by the courageous Japanese people," the broadcast said.

"The reputation of U. S. imperialism stinks more and more."

A New China News Agency broadcast heard here declared:

# Population In U.S. Set at 179½ Million

WASHINGTON (AP)—A record growth of 28 million in the last decade has rocketed the U.S. population to 179½ million, says the Census Bureau.

The total is subject to revision. The figure released Thursday was based on the actual count of 177,733,190 persons and on estimates of those still to be listed.

Census officials credited the big increase during the 1950s to a climbing birth rate and a continued low death rate. By comparison, the increase in the 1940s was 19 million. In the 1930s it was 8,900,000.

Thursday's totals came from quick tabulations by field offices. The detailed final count will be announced later.

# Socialist Leader Stabbed During Demonstrations

Kishi's Conservatives  
Forge Ahead With  
Ratification of Pact

TOKYO (AP)—A Socialist leader was stabbed today as 20,000 students massed outside Japan's Parliament building for new demonstrations against alliance with the United States.

Premier Nobusuke Kishi's ruling conservatives again defiantly announced they would go ahead with ratification of the U.S.-Japan defense treaty.

Afterward, a government spokesman said, elections will be called at which the conservatives will seek a mandate from the Japanese people for new laws to curb communist violence.

The student mob massed outside Parliament for a new effort to bring down Kishi's government and smash the security treaty was told over loudspeakers of the attack.

"Kawakami's injury is not serious," the announcement said. "There is no danger to his life."

There was a possibility the incident would become a new rallying point for the leftist front backing the riotous campaign against Kishi.

Girl Killed In Assault

The death of a girl during the mass assault on Parliament Wednesday has already become a symbol for the anti-Kishi forces.

The mood of the students did not turn ugly until night fell, however.

Then some throw stones at police lined up inside the Parliament grounds and beat sticks on the walls of the compound.

"Bakayaro (fool)!" they chanted at the police as they snaked through the streets around Parliament.

Socialist Chairman Inejiro Asanuma rushed to confer with Kishi over the stabbing. Asanuma had been refusing for several weeks to meet with Kishi unless the Prime Minister would agree to resign.

Believes Kishi Will Resign

Kosaku Shinoda, spokesman for Kishi's Liberal-Democratic party, told newsmen he believed the Premier would resign after ratification of the treaty providing for U.S. military bases in Japan for at least another 10 years.

"It is my opinion Kishi will make a common sense move," Shinoda added.

"If Kishi goes there will be a new leader for the Liberal-Democratic party and with that a lot of the hate will leave."

He said the 64-year-old Premier "has become more or less a scapegoat."

"He has taken on his shoulders all the hatred against conservatives, against Americans, against everything," Shinoda said.

If Kishi can hold on, ratification of the treaty will automatically take effect one second after midnight Saturday. The lower house ratified the treaty May 20. Under Japanese law the treaty is confirmed automatically on the 31st day after unless the upper house acts first or Parliament is dissolved before then.

## Hopes Kishi Will Remain In Power

## U.S. Adopts 'Wait and See' Attitude on Japanese Debacle

WASHINGTON (AP) — Officials said today the United States will do everything possible to minimize the damage to U.S.-Japanese relations resulting from Tokyo's riotous uproar over a new security pact and dramatized by cancellation of President Eisenhower's visit.

But for the moment no one in authority here seems to have any clear idea of what is possible. The prevailing attitude is "wait and see" what the Japanese do next.

Washington's hope is that Prime Minister Nobusuke Kishi will be able to remain in power long enough to complete his country's ratification of the new U.S.-Japanese defense treaty. That will occur automatically on Sunday, Japanese time—Saturday, Washington time—unless the Parliament is dissolved in the meantime.

In Tokyo, Kishi held fast to his plans for bringing about ratification despite an opposition announcement of stepped-up plans to block the treaty and topple Kishi before that time.

The treaty, replacing a 1951 pact which gave the United States much greater authority in Japan, would recognize Japan as an equal partner, provide for mutual defense within Japan and require U.S.-Japanese consultations on use of U. S. troops stationed there.

But for various reasons many Japanese have objected to the treaty provision which permits U.S. use of military bases in Japan for at least another 11 years. Present rights to the bases have no time limit.

Despite the uproar in Japan, the U.S. Senate was expected to vote ratification of the treaty by Saturday—perhaps even late today.

If both countries complete ratification, Washington authorities hope the political turmoil in Japan will subside. It will then be possible, they hope, to take a long

and serious look at where the two countries actually stand in their relationship.

But at present there are vitally important unknown factors as officials here see the situation. One of them is the extent to which the violent demonstrations of recent days have set in motion Japanese political forces hostile to close ties with this country.

Another serious concern is with the practical effectiveness of the alliance with Japan, especially as it bears on the continued presence there of U.S. air and naval bases, if the hostility proves to be widespread.

Balanced against such considerations is the conviction of U.S. leaders that most of the people in Japan are basically friendly to the United States and recognize that their economic well-being in recent years has been based largely on extensive commercial relations between the two countries. The United States is Japan's best customer and Japan is the second largest purchaser of American goods.

Mrs. Dale Young will be hostess Monday at 8:30 p.m. to the Columbiana Mothers Club, with Mrs. James Garstick as associate hostess. Installation of officers will be held.

## Propaganda Blows May End Top-Level U.S. Diplomacy

EN ROUTE WITH EISENHOWER (AP)—A series of staggering propaganda blows within a month, topped off by the blowup of President Eisenhower's trip to Japan, may spell the end of American top-level personal diplomacy for a long time.

The unhappy chain of events, resulting at least in part from faulty estimates and miscalculations by U.S. officials, could also curb the desire of a future president to embark on goodwill visits abroad.

The latest setback, with its possibility of grave repercussions on Japan's fragile democracy, could also lead to a sweeping review of fundamental American strategy for countering the Moscow-Peking "hate America" campaign.

Seldom in diplomatic history has a U.S. president been buffeted by three successive reverses of the magnitude Dwight D. Eisenhower has had to endure.

In 31 days of repeated crisis, the President has been hit by 1. the furor over American spy plane flights and the subsequent collapse of the summit conference, 2. Soviet Premier Nikita Khrushchev's withdrawal of his invitation to Eisenhower to visit the Soviet Union, and 3. the riot-frenzied end of his plan to visit friendly Japan.

The President's aides may argue that Eisenhower emerged with an untarnished reputation because the Communists, so obviously exploited developments to their own ends.

But in Eisenhower's own words, the collapse of his Tokyo visit is a blow to his announced quest for peace. Newspapers throughout the free world viewed the events in Tokyo as a victory for world communism. Many said American prestige had suffered a severe blow. Both the Soviet Union and Red China are gloating at the picture of Eisenhower cruising the Pacific with the door to Japan slammed in his face.

# Ann Landers

## ANSWERS YOUR PROBLEMS

Dear Ann Landers: Two weeks ago I decided to form a club. I got two other girls my age (12 years old) to join. They elected me president. The purpose of the club is to be friends and do interesting things.

No matter what I want to do they are against it. We take a vote and I lose. If I want to go bowling, they vote for a movie. When I want to go skating they vote to go dime store shopping.

I'm afraid I'm going to lose my presidency if I can't think of a way to get some unity into the club in a hurry. How can I do it? — MADAME President.

Dear Madame: A president is not supposed to inflict his will on the members. In a democracy the majority rules — not the president.

Why not take in a few additional members. They might have some brand new ideas and the club would be more fun. (It could shift the balance of power, too.)

### Broken Promises

Dear Ann: Recently I married after being a widow for 10 years. The man I married lost his mate five years ago.

It was agreed when we married that I was to quit my job and do whatever I chose with the small income from my husband's estate. It was further agreed that we'd live on his salary and what was his was mine, also.

Now that we're married he takes me to the market once a week, pushes the cart and I walk behind like a child. If I pick an item off the shelf he says: "Put it back. We don't need it."

He pays the rent and utilities. I want a piece of clothing, he comes with me to pick it out and he pays for it.

My pocketbook is so empty I keep tissue paper in it so it won't look so flat. Why should I have to beg for money when I was once completely independent and could be that way again if I went back to work? What do you suggest? — J.W.

Dear J.W.: I suggest you sit down with your husband and review the original agreement that you "live on his salary and what's his is yours, also."

Every woman should have some money to spend as she wishes, as a matter of dignity. She's a partner in the marriage, even if she's not bringing home a pay check.

If he doesn't loosen up, tell him you're going back to work and he can pay a housekeeper to cook and clean and follow him around the market when he shops.

**Jealousy Showing**  
Dear Ann: Is it smart to let a husband drive the day-lady (she's

younger than I am), my cousin, my sisters and the next-door neighbor to the bus line without me?

Recently when he offered to drive my cousin I suggested he take the kids along for the ride. He blew up and said, "For Pete's sake, Helen, cut it out. I don't need a chaperon."

What does this sound like to you? — WONDERING.

Dear Wondering: It sounds like your suspicions are showing. Since you object to his being alone with the cleaning lady, the cousin and the sisters, your jealousy covers a wide range.

If the kids had asked to go along and he said not, it would be different. But when YOU suggest they accompany him it indicates you feel he needs watching. He resents this and he has a right to.

Cut it out, Helen, or you may put ideas in his head.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Salem News, enclosing a stamped, self-addressed envelope.

### Westville

Elizabeth Ehrhart Missionary Ladies of Westville Church met Monday at the church. Devotions were conducted by Mrs. Roland Smith and Miss Virginia Fryfogel.

It was voted to send Mrs. Smith to the minister's wife's conference to be held in Tiffin in July. A picnic will be held at the Scout cabin at Silver park in July.

The Rev. Roland Smith and Mrs. Deward Stone conducted a panel discussion on "Christian Education." Refreshments were served by Mrs. Norman Henderson and Virginia Fryfogel.

Youth Fellowship of the Westville Congregational Christian Church recently closed a three month activity contest. Those who accumulated over 2000 points are Marilyn McCracken, First, twin speaker phonograph; Judy McCracken, second, table radio; Thomas Smith, ten dollar cash prize.

Those who make more than 1000 points and won five dollar prizes were Charles and Bill Stanley, Richard Kasso, Darlene Dimick, Chuck Cain, Eugene Oesch and Janet Gabreath. Roberta Kibler was awarded a volleyball set.

Children's Day program was presented Sunday at Westville Church. Mrs. Robert Jackson, Mrs. David Smith and Mrs. Clyde Kinser were in charge.

Taking part in the program were Rhonda Knight, Krista Stone, Beth and Greta Henderson, Cheryl Ritchie, Lynn and Debbi Grove, Eddie Williams, Beverly Kibler, Debbi Ingold, Jeff Whitlock, Michael Jackson, Richard Gednetz and Christine, Mark and Kevin Smith. Rachel and Gladys Oesch attended Kent State University Commencement Saturday in the Memorial Gymnasium. Their niece Lucille Mae Oesch of Berlin Center was one of the graduates.

Robert Curley, who is stationed at Bainbridge, Md., spent the weekend with Mr. and Mrs. Robert Trummer.

Mrs. Charles Berlin of Westville Lake is in the Alliance Hospital.

## The Commies Have Not Won Yet

Americans can have a sigh of relief that President Eisenhower is not going to Japan. Many considered the personal danger too great and the fears were increased by the riotous attack on James Hagerty last week and by the open concern of the President's Secret Service bodyguard.

But Mr. Eisenhower also must be admired for his display of personal courage. To have canceled the trip while the Japanese government's invitation still stood would have seriously damaged the prestige of the United States as a nation. He was not willing to do that merely to save his own comfort.

Withdrawal of the invitation by Premier Kishi, therefore, has done the United States and its chief executive a service by taking us off the hook.

**THERE REMAINS**, however, the big question of what effect cancellation of the visit will have in the current deep freeze of the cold war.

The Communists, true to form, are claiming it proves the bankruptcy of the Kishi government. They are jubilant at the idea that a leftist minority has forced the Japanese government to back down and drag the United States with it.

Some people on our side of the fence are inclined to agree with the Communists. They are willing to admit the Kremlin has won this skirmish and that the United States is irrevocably humiliated in its defeat.

But such a judgment may be premature. The battle is not over. Its final outcome is primarily in the hands of the Kishi government and at this moment it is too early to tell what that outcome will be.

The Premier's remarks at the time of his announcement that the invitation had been withdrawn were forceful and confident, even if glum. He said, "We must fight this violence head-on."

**IF HE CAN BE TAKEN** at his word, this would indicate the invitation was withdrawn for two reasons:

1. Premier Kishi no longer felt he could guarantee the safety of the President and did not want to run the risk of bearing the blame for personal attack on the head of a friendly foreign state.

2. He believes the time has come for a forceful, showdown stand against the Com-

munist minority and this will require the full attention of him and his government, undiverted by a state visit.

Despite the violent demonstrations by his leftist opponents, the Premier has several factors in his favor in such a showdown:

1. His party holds an overwhelming elected majority in the Diet, indicating he is not being rosy-eyed when he says 15,000 rioters do not represent the thinking of 70 million Japanese.

2. The mutual security treaty with the United States, which served as the launching pad for the Red riots, is probably the most favorable treaty any defeated nation ever received from its conqueror. The pact recognizes Japanese doubts about U.S. bases on its territory by providing that the United States will help protect Japan against attack but will obtain approval from it before using bases for military action elsewhere.

3. Several leftist groups responsible for earlier demonstrations had conceded that public opinion was turning against them. The riot which precipitated withdrawal of the invitation to the President very well might intensify that public reaction.

**THESE FACTORS** may not be enough to save the Kishi government. Many underlying influences make the Japanese situation a highly complex one in which it is impossible to predict causes and effects in black-and-white terms.

The Communists are skillful strategists, accustomed to working through minorities, and, directed from Moscow and Peking, they are fighting for big stakes—the immediate degradation of the United States and President Eisenhower in the eyes of the world and upset of a government friendly to the West.

If the Kishi government falls, especially without achieving ratification of the U.S. treaty, a victory by the Communists will have to be conceded.

But if it stands, it will prove that the West can and should refuse to be cowed by Communist conspiracies to undermine peace and order.

That would be a signal victory for the forces of freedom. The possibility of achieving it should not be written off by premature judgments of gloom.

## A Lesson Learned

Byron Wade, the veteran Mahoning County board of elections clerk, is out of office, along with the chief deputy clerk, as the result of the Secretary of State's investigation of the voting machine breakdowns in 25 per cent of the Mahoning County polling places last May.

It was simply a case of neglect. The voting machines were not cared for properly and when an emergency arose, no precinct official had instructions on what to do.

Voting machines do speed up elections, if the public is educated properly in their use, but there's obviously more to buying the machines and using them twice a year.

Adequate storage facilities and skilled maintenance are required, and Columbiana County commissioners, who have given some thought to the purchase of voting machines, ought to reflect on what happened in neighboring Mahoning County before substituting mechanical devices for the paper ballots and pencils now in use.

## Psychological Touch

Most school districts, Salem included, have psychologists on their staffs who offer guidance to children so that later they can be better adjusted to facing the problems of adult life.

Latest to hire a psychologist is the Columbiana County Board of Education. The instructor will divide his time between all of the rural schools under jurisdiction of the county system.

All public schools in Columbiana County now have psychologists among their corps of special instructors, a program which is bound to prove beneficial to pupils whose problems otherwise might never be solved nor helped in the process of obtaining a rightful education.

## Once Over

Banks now offer to finance pleasure boats, with a small down payment and long-term installments. We went in to get one on our new cruiser. "Welcome aboard," we said. "Aboard what?" asked the banker. "OUR cruiser," we replied. "The one WE are buying together."

He didn't seem to understand the plural so we explained, "I'll be in command of the yacht but you will have the financial rights." "Oh, you have been reading our advertisements about financing boats so seasickness will be brought within the reach of all!" he explained.

He asked what kind of a yacht we had. "Nothing much. Just a 3-foot twin-screw job with flying bridge, sea telephone and built-in cocktail shakers. I'm sure the bank will like it," we said.

"This is a conservative bank," said the man and the color is important. We lean to plain white and dull gray." We told him that if he would give us the money we would paint the yacht his way.

"How much help do you desire?" he asked. "The boat cost \$26,500, with batteries, and bilge-pump thrown in. How nautical is your generosity?" we replied.

"This is business, not generosity, even if my smile gives a contrary impression. We lead all other banks in our desire to make it easy for you to approach yacht club floats

## Our Romanian Friends

Visitors and former residents are expected Saturday for the homecoming celebration which the Romanian Society has scheduled Saturday evening at "Leul" Hall.

It will be a gala occasion for renewing friendships and reminiscing on the part of the many fine Romanian folks who have made Salem their home town for so many years. The Romanian Society "Leul" was organized 54 years ago after Ioan Timar and George Pavaloi immigrated here in 1894 and soon sent word to friends and relatives in Romania of new-found opportunities in a land free of oppression.

Salem has been a better community because of its sturdy citizens of Roumanian descent.

## Anna Pauker Is Dead

Anna Pauker is dead of a heart attack. A lot of people on both sides of the Iron Curtain probably doubted she had a heart. She was once one of the really big voices in the Red world, respected by Joseph Stalin as "the cleverest woman Communist outside Russia." That explains why she was hated by thousands of people.

She helped to sell out her fellow Romanians to the Communists in 1944 and then became the world's first woman foreign minister. As a member of the old Politburo she had a hand in selling out a lot of other people, too.

So dedicated was she to the Red cause that her zeal remained undiminished even after her husband was executed as a Trotskyite.

But her day came. She fell from grace in 1952 in the same mysterious way that so many of her colleagues did. Thereafter she lived in isolation, serving in an office the Reds did not even consider worth identifying.

Hers was the typical story of life and death in communism's inner circles.

## Running? ... Who's Running?

## Inside Labor By Victor Riesel

Having successfully lowered the Bamboo and Iron Curtains around itself, the Communists' international "apparatus" now is preparing to raise "the Iron Hammer" against U.S.

Victor Riesel

Leaders from across the world.

They were the supreme strategists of the Soviets' World Federation of Trade Unions.

The parley, during which anti-American and anti-Eisenhower strategy was gleefully devised, began on the morning of June 5.

I found up the morning of June 9. I have a monitoring of the discussions in that guarded room.

It was a Japanese union chief, Minoru Takano, one of the directors of labor mob action on Tokyo's streets, who first spoke of the "Iron Hammer."

He was applauded as he described it as the welding of Soviet Chinese, Korean and Japanese labor against the United States in the Orient. This will, he said, drive us right out of our vital bases or smash us.

There is no doubt that the Japanese unions can seize much of the Nipponese government and hurl that land into sanguinary civil war.

Those unions, called Sohyo, now

control virtually all vital Japanese government and private communications, transportation, and administrative bureaus.

**BLUNTLY**, this is the fault of American military government officials who ran Japan in 1945.

Investigation will prove that those men permitted the new Nippon official to pay the leaders of Communist labor organizations.

These American officers also permitted the conquered Japanese government to supply the Communist union organizers and their new anti-American labor units with headquarters, office equipment, newsprint for propaganda publications and even office stationery.

This gave the Soviet agents their chance to infiltrate not only the most strategic Japanese industries and government bureaus—but our own military bases as well.

Thus, while anti-Soviet labor men went hungry and scrounged for a few yen for organizing efforts, the Moscow-guided Communist agents steadily took control of the big unions which became the Sohyo—the General Council of Japanese Trade Unions.

One of the earliest Sohyo units launched was the All-Japan Garrison Forces Labor Union.

These were the civilian workers on the military installations. One of its first activities was rehearsal for revolution.

It became the basic cadre for Sohyo's actual physical operations against our extension of key Air Force landing strips and depots.

**THE SOHYO** quite cleverly cut

the Japanese islands into 11 sections. Each had its own anti-American labor propaganda group.

In Tokyo alone when I was there, the Sohyo had a 100-man propaganda bureau. At that time the pro-Communist unions put this operation under something called the Sohyo (military) Base Problem Council.

Today's demonstrations were rehearsed over and over again by that council's anti-base action cadres. Some of us didn't have to wait until they threw rocks at our diplomats.

We watched—as did the do-nothing Japanese government—the steady Sohyo infiltration of the government. So today the pro-Communist control the Judiciary Employees Union, the Water Supply Workers Union, the Finance Ministry Union, the Radio Wave Control Agency Workers Union, the Electric Communications Workers Union, the Financial Affairs Bureau Workers Union, the Railway Workers Union, the Municipal Transportation Workers Union, the Local and Municipal Workers Union, the Labor Ministry Workers Union, the Teachers Union, the Printing Agency Workers Union and a lot of others in strategic government divisions.

**THROUGH SOME** of these unions the Communists know nearly every government move—including those of the police.

In private industry, the pro-Soviet officials can shut down the mines, the chemical plants, the long distance rails, the metal mines, the chemical plants, the ports and harbors, the broadcasting system, the iron and steel mills, the telecommunications and marine transportation.

This means the friends of Moslem people into the streets. They can paralyze Japan.

What did we do? What did the Japanese government do?

We and our friends patted the anti-Communist leaders on the shoulders and told them to build Zenro, the anti-Soviet labor federation as a bulwark.

We gave our friends words and little else. Thus did the enemy forge the hammer.

## Why Stars and Stripes?

By TOM HENSHAW

Old Glory gets a new star—for Hawaii—next Monday with all the pomp and circumstance reserved for a beloved grand dame on a very special birthday.

It's a lot different from the first one.

The fact is that no one can say for sure just how the flag of the United States came to be the Stars and Stripes in the first place.

Did the design spring full-blown from the brain of some creative genius among the founding fathers? If it did no one ever stepped forward to take a bow for it.

Or did it evolve from some existing standard? There is enough evidence, real and fancied, to support several schools of thought on the subject. For instance, the tea party school.

When that defiant band of patriots climbed aboard the good ship Datmouth in Boston harbor the story was that more than a cargo of tea went overboard with them.

They carried back to Boston the ship's flag, the standard of the British East India Company with its 13 alternate red and white stripes and the British Union Jack in the corner.

The same flag, or an identical copy, now known as the Cambridge or Grand Union flag, was raised over George Washington's headquarters outside Boston in 1776 as the national banner.

Naturally, after the Declaration of Independence was signed, the Union Jack on the American flag became intolerable and was changed to 12 stars. Or so the story goes.

Another school detects a similarity between the Star-Spangled Banner and Washington's family coat of arms, a shield bearing two horizontal red stripes and

three red stars. The likeness seems strained.

The first documented references to the Stars and Stripes came on June 14, 1777, when the Continental Congress resolved:

"That the flag of the United States be thirteen stripes alternate red and white, that the union be thirteen stars on a blue field, representing a constellation."

### Criticism Healthy, Especially for The Enemy

There is a good deal of nescience going on these days, inside and outside of Congress, as to the propriety of some of the criticisms recently directed toward President Eisenhower with respect to the collapse of the summit conference and the U2 incident.

Republican leaders in the Senate are saying that it is a mistake for Democratic presidential candidates to be attacking President Eisenhower while he is abroad engaged in very important missions.

One hears, too, from defenders of the Democratic tirades a cry that anyone who questions the timing of the criticism uttered by Democratic spokesmen is therefore against all criticism or in favor of censorship of the press by the government.

One also hears the convenient argument that two wrongs really do make a right, after all, and that certainly those who are advocating nonpartisanship today were doubtless against any such unity when Democratic presidents were in office.

This correspondent has criticized and defended Presidents from both parties. Thus, for instance, the Republican in the United States Senate on one occasion signed a round robin, announcing to the world that President Wilson would not have the support of the Senate for entry of the United States into the League of Nations.

When this happened at the time of the big summit conference in Paris in 1919, after the end of World War I, this writer criticized severely the Republican action as undermining the President's power to negotiate in behalf of the United States.

**SIMILARLY**, in October, 1939, just after World War II broke out, this correspondent again criticized the Republicans for the partisanship manifested against a Democratic President, Franklin D. Roosevelt, and wrote as follows:

"It is true that some of the Republicans in Congress have gone along with the administration's foreign policy but the majority in the Senate have not. The strange spectacle of a major political party differing with the party in power on a foreign policy question in a period of great crisis has literally driven indignant voters to the Democratic side."

This was just after a Gallup Poll had shown a switch from a 52 per cent majority a few weeks before predicting a Republican victory, to a 65 per cent majority predicting a Democratic victory in 1940.

The main reason, as commented on by this writer, was the uncalled for partisan attack by Republicans on the Democratic administration.

Prior to the Yalta Conference in January 1945, these dispatches called attention to the absence of partisanship inside and outside of Congress, and it was written here that, "At no time since the war began has there been such an unna-

David Lawrence

minity of sentiment on both sides of the political aisle as there is today."

The, in June, 1950, when an outcry Democratic President, Harry Truman, took the all-important step of ordering our military forces into action in Korea, this correspondent reported: "There is no more partisan politics now, as both parties get behind the President in a remarkable demonstration of unity before all the world."

**THE IDEA** advanced in some quarters recently that those who decry partisanship in the midst of an international crisis are, therefore, against all forms of criticism is absurd on its face.

Nobody objects to criticism of any governmental policy but there is a time and place for everything.

One does not like to see Cyrus Eaton parading around Communist counties heaping criticism on his own government, though he does possess the legal right of free speech.

One doesn't like to read his comments to the Communist press that a Democratic president would be better for the Russians in 1961 than a Republican.

One also doesn't like to see efforts made in Congress today to publicize military information about our missiles or about our system of handling U2 flights at the very time that Nikita Khrushchev is engaged in a crusade of insults against the President of the United States.

No governmental censorship of the press need ever be imposed but self-restraint can be imposed by conscience and a feeling of patriotism can be engendered, so that all concerned would forego opportunities to publicize things that for military reasons should remain secret.

There will be plenty of chances between now and election day in November for Democratic party speakers to rake the administration over the coals for various things, national and international but there is a wrong time and a right time for such criticism.

When Nikita Khrushchev and the Moscow radio were flaring forth their insults was certainly the wrong time and that's the point this writer has endeavored to make.

When a final decision has been made, however, or a negotiation has been completed, there is plenty of opportunity for criticism of the results.

This writer criticized some of the provisions of the agreements made at the Yalta Conference when formally submitted to Congress.

He criticized also the Korean armistice agreement, not only when President Truman approved its main provisions but when President Eisenhower, feeling bound by what his predecessor had agreed to, also approved the pact.

Discussion is always healthy. The critics, however, who give aid and comfort to the enemy in a crisis do so unwittingly and not deliberately.

It is the judgment they display, rather than their loyalty, which is open to question and subject to condemnation.

## So Now You Know

By FRANCES BOYLE

Hal Boyle wondered aloud this week why women marry, considering what it does to them. Today his wife takes up the question of what happens to husbands after marriage.

**NEW YORK (AP)**—There is no doubt about why most men marry. They simply want to live longer.

A man doesn't marry as the result of an overwhelming emotion. He marries because of an overwhelming instinct—the instinct of self-preservation.

He likes to think he is doing a girl a favor by putting a wedding ring on her finger. Actually he is doing himself a favor. That ring is shaped like a life-saver. And that's what matrimony is to most men—a life-saver.

All statistics show that the best life insurance a man can get to add years to his zest—if not zest to his years—is the right kind of wife.

Married men do last longer than bachelors. They may complain they are working themselves to death, but their bachelor buddies play themselves to death much sooner.

Of course matrimony does do some unforgivable things to husbands. In time their teeth get fewer, their hair falls out, and their stomach looks like a basketball they can't quite catch up with. But it has its compensations, too.

Before marriage he is so lonely cise a man gets iis paying his bills. After marriage he gets twice as much of this kind of exercise.

Before marriage he s so lonely he talks to himself. After marriage he doesn't have to talk at all; he can improve his mind by just listening.

Before marriage he is simply one of the boys. After marriage he is much more of a man—usually from 30 to 40 pounds more.

Before marriage he lives from hand to mouth. After marriage he always knows where his next meal is coming from—whether he likes it or not.

Before marriage he gets weary of telling his own jokes. After marriage he has someone to share this misery.

Before marriage he never knew what worried him. After marriage no longer has this gnawing doubt. He is sure.

Before marriage he never knew why he was always broke the day after pay day. After marriage he can think of a hundred reasons.

Before marriage he didn't know enough to come in out of the rain. After marriage he isn't allowed to go out into the rain—unless he puts on his rubbers and carries an umbrella.

Before marriage he was helpless and hopeless. But after marriage he is only helpless.

Considering all these advantages, it's a wonder why so many single men today still say they don't want to marry. It must be because they listen at bars to the made-up woes of wayward husbands.

The truth is that the younger a man marries the longer he is likely to live. Or, as even a grouchy husband admits, "At least it seems longer."

Industrial Payrolls Here Show Decline

The May industrial payroll figures reported today by the Salem Area Chamber of Commerce show a decline in money earned by Salem factory workers.

The total payroll of \$1,286,679 is \$128,872 less than for April of this year and is \$179,803 less than for May of 1959.

The five-month total in 1960 compared to 1959 shows a similar decline. Figures for the period January through May, 1959, show employees took home pay amounting in the aggregate to \$7,098,098. In 1960 the five month figure is \$6,717,344 or \$370,654 less.

Sealed bids will be received by the Clerk of the Village of Leetonia, Ohio, at the office of said clerk, until twelve o'clock noon, Daylight Savings Time (11:00 A. M. E.S.T.), July 2, 1960, for furnishing the necessary labor and materials for the lowering of water and sanitary sewer lines at the Madison Street Bridge in the Village of Leetonia, Ohio, according to plans and specifications on file in said office. Copies of the plans and specifications are available at the office of the village solicitor at 30 Walnut Street, Leetonia, Ohio, or at the office of the village engineer, Allen and Allen, 285 Fairview Ave., Canfield, Ohio, at a cost of \$5.00 per set. Payment will be made in cash or by money order or check payable to the order of "Village of Leetonia, Ohio," and refund will be made in case a bid is submitted within the time required for such submission.

Each bid must contain the full name of every person or company interested in the same, and be accompanied by a bond in the sum of 20% of the bid price, or \$200.00, whichever is lower, to the satisfaction of the clerk, or a certified check on some solvent bank, as a guaranty that if the bid is accepted, a contract will be entered into and its performance properly secured. Should any bid be rejected such check will be forthwith returned to the bidder, and should any bid be accepted such check or bond will be retained upon the proper execution and securing of the contract.

The right is reserved to reject any and all bids.

By order of the Council of the village of Leetonia, Ohio.

M. P. BURICK, Clerk Salem News, June 17, 24, July 1, 1960.

What Would YOU Do

In a Case Like This?

HE HAS delivered newspapers to this home on time all week! Now, it's collection day, and again there's no one there to pay him. So, once more, he must dip into his own pocket and pay for their papers—and forego his profit until he can collect in full. Which makes it tough on a youngster starting out in business!

BUT THAT'S what happens when people fail to pay the newspaper-boy on his regular day. For, he's in business for himself, and depends on prompt collections to pay his paper bill and realize his profit. He appreciates your having the money ready for him each time!

## Dialing Change to Affect 5 County Towns In October

A new numbering system for Minerva and eight surrounding communities — five of them in Columbiana County — will be introduced to telephone users in October.

John H. Powell, Minerva district commercial manager for General Telephone Co. of Ohio, said the change will take effect in October, when Minerva's phones are converted to dials.

The new system, "All - Number Calling" (ANC) features seven-digit phone numbers, instead of two-letter exchange name prefixes. Besides Minerva, the communities affected are Winona, East Rochester, Hanoverton, Homeworth, North Georgetown, Paris and Malvern.

All these exchanges, except Malvern and Minerva, presently have exchange names.

In effect, ANC will change the two letters of present exchange names to their numerical counterpart on the dial. The letters "TW" of East Rochester's "Twinbrook 4" number would change to 894. A typical East Rochester number would be "894-1199."

The same will happen to the other nearby exchanges. Hanoverton will change from "Capital 3" to "223" plus four digits; Homeworth from "Ludlow 6" to "386" plus four digits; North Georgetown from "Lakeside 5" to "525" plus four digits; Paris from "University 2" to "862" plus four digits, and Winona from "Academy 2" to "222" plus four digits.

The three-figure prefix "868" will appear before all Minerva phone numbers. A typical Minerva number would be "868-1199."

In Malvern, where four digit numbers are now in effect, the prefix "863" will be added to the customer's present number. Only in Minerva will customers get entirely new phone numbers, owing to the dial conversion.

In all exchanges except Minerva, customers can figure their number by adding the new three-figure prefix to the last four digits of their present phone number, Powell said.

"ANC is being established," Powell said, "because of the country's rapid growth. The quantity of two-letter central office names is expected to be exhausted in a few years."

Scientific tests, he added, have proven that ANC is faster, easier and more accurate. It eliminates the misspelling and misunderstanding of central office names. Also it avoids confusion between letters and numerals.

## 100 Kiwanians Hear Ohio District Governor

LISBON — Approximately 100 Kiwanis Club members of the 19th Division heard Carl P. Rueth of Sidney, Ohio District governor, at a meeting Thursday evening at the American Legion Home.

Rueth is executive vice president of the G. W. Linn Co., Inc., and a graduate industrial engineer.

Kiwanis Club President William Wright Jr. presented G. V. Weinstein, lieutenant governor of the 19th Division, who introduced the guest speaker and past lieutenant governors who attended.

A gift to the Ohio governor was presented by Past-Lt. Governor R. Dale Miller in behalf of the 19th division.

A dinner was served by the Legion Auxiliary.

## Deaths, Funerals

### Shreve Funeral

Funeral services will be held Saturday at 2 p.m. at the Damascus Friends Church for Mrs. Marilla Shreve, 71, of Delray Beach, Fla., who died of a heart attack Tuesday at Daytona Beach, Fla., while enroute to New York and Ohio to visit relatives and friends.

The Rev. Nabors of Delray Beach and Dr. Walter Williams of Damascus will officiate, with burial in the Damascus Cemetery.

Friends may call at the Arbaugh-Pearce Funeral Home this evening from 7 to 9.

### Mrs. Clarence McMillan

LISBON — Mrs. Ada Frances McMillan of 337 E. Washington St. died suddenly Thursday at 11:40 a.m. at her home. She was 85.

Born Oct. 24, 1875 in Center Township, she was a daughter of Thomas and Mary Switzer Walter. She lived her entire life in this vicinity.

She was a member of the Church of Christ and the Town and Country Club.

Mrs. McMillan is survived by her husband, Clarence; one daughter, Mrs. John Martin of Salem; five sons, Roy McMillan of Salem, Fremant McMillan, Clyde McMillan and Floyd McMillan of Lisbon, and Otis McMillan of Leetonia; two sisters, Mrs. W. B. Challis of Lisbon and Mrs. C. L. Baker of Memphis, Tenn.; 16 grandchildren and 15 great-grandchildren.

Services will be held Saturday at 2 p.m. at the Henry Funeral Home by the Rev. Tom Hammer of the East Palestine Methodist Church. Burial will be in Lisbon Cemetery.

Friends may call at the funeral home tonight.

### Frank Knestrick

HANOVERTON — Frank Knestrick, 61, of Hanoverton, died of complications at his home at 9 a.m. today following a 15-year illness.

Born in Hanover Township on Sept. 30, 1898, he had lived in this area all his life.

A member of the Christian Church here, he was employed as a machinist by the E. W. Bliss Co. at Salem for the past 43 years.

Survivors include his wife, Luelia Hardy Knestrick; a son, Clyde of Hanoverton; two grandchildren; three half-sisters, Mrs. Helen Martin of Hayesville, Mrs. Clem Heron of Leetonia, Mrs. Marie Mercer of Columbus; and a half-brother, Roy Leasure, address unknown.

Services will be held Sunday at 2 p.m. at the Christian Church, with the Rev. W. Paul Neal of Irwin, Pa., former pastor here, officiating. Burial will be in Grove Hill Cemetery.

Friends may call at the Maple Funeral Home in Kensington after 4 p.m. Saturday.

### BALL PLAYER INJURED

Richard Owen, 14-year-old son of Mr. and Mrs. Laverne Owen of RD 1, Salem, suffered a possible fractured ankle Thursday night while playing baseball with the Deming Co. Class E team of the Hot Stove League at Centennial Park. He is reported in good condition at City Hospital.

## British Soldiers Complete 67-Day March Across U.S.

NEW YORK (AP)—Two doughty British sergeants strode into New York today after hoofing it across the United States in 67 days—10 less than a transcontinental mark set in 1910.

The sergeants, Patrick Moloney, 34, and Mervyn Evans, 33, emerged from the Lincoln Tunnel into Manhattan at 9:58 a.m., maintaining their cross-country stride of 4½ miles an hour.

They entered the 8,216-foot long tunnel—which connects New Jersey with Manhattan under the Hudson River—shortly after their final night's lodging at Newark.

"We're in good condition but it's a rough trip," they said before turning in Thursday night at a motel by Newark Airport.

Earlier they had their first haircut since leaving Wyoming, presented by Larry Pecoraro, a Scotch Plains barber.

"We like our hair long," said Evans. "It keeps the sun off our necks."

The sergeants, left San Francisco April 12. Another transcontinental trekker, Dr. Barbara Moore, a British vegetarian who is the wife of sculptor Henry Moore, started the same day as the sergeants but has fallen behind. She is in Indiana. She was hospitalized briefly after being struck by a car earlier this week but is on her way again.

The sergeants, sponsored by a British shoe firm, are on leave from the Royal Air Force para-troops. They plan to return to duty.

"I don't think I'll do any walking," said Evans.

"This decision of ours is solely to make a demonstration against United States imperialism. For your safety, advance notice is hereby given."

The Communists have been shelling Quemoy sporadically on odd-numbered days for 20 months in accordance with a self-proclaimed partial cease-fire.

Presumably the broadcast meant the barrages would be heavier than the 10 to 60 or 70 shells usually fired by the Red guns a few miles away on the Communist-held mainland.

The Communist shelling was not expected to cause undue alarm on Formosa, since the wording of the broadcast indicated the barrage would not be the prelude to an invasion attempt on Quemoy.

Since the Communists' massive artillery attacks on Quemoy in the late summer of 1958, the Nationalists have strongly fortified the island.

The Communist broadcast said the shelling would "show the great Chinese people's contempt and scorn for Eisenhower."

## Senate Passes Housing Bill

### Measure Trimmed To Meet Objections

WASHINGTON (AP) — Passing its third major measure in a single day, the Senate has sent to the House a \$1,247,500,000 omnibus housing bill trimmed to meet some objections of President Eisenhower.

Three more pieces of major legislation were on today's schedule as the legislators gave their first solid evidence they are anxious to adjourn before the national political conventions next month.

The housing bill was passed 64-16 just before midnight Thursday. The action capped a 14-hour day which also brought passage of a 4-billion-dollar defense money bill and submission to the states of a constitutional amendment proposal to permit District of Columbia residents to vote for presidential electors.

Ratification within seven years by at least 38 states is necessary to make the amendment effective. District residents now have no vote.

First on today's schedule was a House-passed bill to provide a 7½ per cent pay raise for more than 1½ million federal employees.

Also up for action today are a 1½-billion-dollar water projects authorization bill and a money measure carrying more than four billion dollars for the health-education-welfare and labor departments.

The Senate housing bill carries funds for college dormitory loans, slum clearance, and a variety of programs designed to help provide housing for veterans and other citizens.

It is similar to a \$1,365,000,000 omnibus housing measure already approved by the House Banking committee.

Sen. John Sparkman (D-Ala.), sponsor of the bill, accepted Republican amendments chopping out of the measure 134 million in federal loan and grant funds.

He refused to go along with a GOP move to cut 50 million of the 350 million in the bill for urban renewal. This was beaten.

## Ike

(Continued from Page One)

Asked how Eisenhower felt about the turn of events, Hagerty replied: "He expressed his attitude yesterday. He squarely placed the blame for the postponement of the Japanese trip on those elements controlled by the Communists under external (meaning Moscow and Peking) direction and control."

Ambassador Douglas MacArthur II was reported to have sent the President "quite a few" cables telling of his latest talks with Japanese government leaders.

Virtually the entire 7th Fleet—125 warships and 500 planes—was on patrol to guard Eisenhower as he sailed through the South China Sea toward Formosa. At one point on the 780-mile voyage, his route lay within 125 miles of Red China's coastline.

## Street Vacated By Commissioners

Columbiana County Commissioners at their meeting Thursday approved the vacation of a street in East Liverpool Township and authorized Russell Phillips, superintendent of the Columbiana County Home, to attend the county civil service administration institute in Columbus June 29-30.

Commissioners voted to give Edith and Solomon William of County Rd. 410 \$50 for a highway easement.

The Meek Stationary Supply of East Palestine was awarded a contract for a 13-drawer accounting file for the juvenile support division on its bid of \$196.45. This was the lowest bid of three bids.

The commissioners' next meeting will be Monday.

## One Dead as School Board Meeting Erupts Into Violence

BROWNSBORO, Tex. (AP) — A smoldering feud that has long split this east Texas town flared into a free-for-all fight Thursday night at a school board meeting. One man was shot to death, four were injured, and the school board secretary was charged with murder.

Killed was Thurman Jackson, 42, lumber company operator, who was felled by two bullets minutes after he demanded the board itemize some of the bills it had presented.

Editorials in Japanese newspapers expressed relief at postponement of President Eisenhower's visit, but regretted the necessity for it. All reflected concern over the future of U. S. - Japan relations.

All seven major newspapers issued a joint statement saying "Never have we become so concerned over the future of Japan."

Security officials held strategy conferences, and the lower house met to consider a resolution denouncing violence and urging protection of parliamentary democracy.

The police have been reluctant to use their full power because they do not want to invite comparison with the brutal prewar police. The government is reluctant to call out troops for fear it will be accused of acting like Japan's old military rulers.

## Road Leading Into Park To Be Closed

The Superior St. entrance to Memorial Park was closed today by the Park Commission, preparatory to the improvement and surfacing of the roadway.

Grade stakes were being set today by the city engineering department.

The Camp Brothers Co. was awarded the job of building the road into the parking and providing parking facilities on a bid of \$12,930.

The E. School St. entrance to the park must be used while the improvement work is under way, announced City Recreational Director Charles Tomlinson.

# Baltimore Swats Cleveland Out of First With 3-2 Win

## Hansen's Homer Sinks Indians

Tribe Opens 4-Game Series With Bosox

CLEVELAND (AP) — Swatted out of first place by Ron Hansen's 435-foot home run, the Cleveland Indians may alter their lineup some for a four-game series with last-place Boston opening tonight.

Rookie shortstop Hansen clubbed an 11th inning pitch by Barry Latman to break a tie and win a 3-2 victory for the Baltimore Orioles Thursday, the Birds' third victory in the four-game set.

The loss ended the Indians' eight-game stay in first place. As a result of the New York Yankees' loss in Kansas City Thursday night, Cleveland now is tied for second with the Yanks.

Manager Joe Gordon indicated he would bench John Temple and play Harvey Kuenn at third tonight. Marty Keough, newly acquired from Boston, would go to right field. Temple has a foot injury, and Gordon explained:

"He's too good a ball player to embarrass by asking him to play on one leg. John isn't complaining. He'd stay in there, but that foot needs more time to heal."

Although he was an outfielder through the last two seasons with the Detroit Tigers, Kuenn came up with Detroit as a shortstop and was used in that position by the Tigers for several years.

Baltimore's Jack Fisher allowed Cleveland only seven hits over 11 innings as he sent the Tribe to its fifth loss in six games. Three of those hits came in the last half of the ninth inning when the Indians tied the score. John Romano homered, and another run came in on Tito Francona's double and Chuck Tanner's pinch single.

Ted Bowsfield, obtained with Keough Monday in the Boston trade, made his first start for Cleveland. He yielded two runs on eight hits in seven innings, walking two and fanning three. Singles by Gus Triandos and Brooks Robinson after Hansen's walk netted the birds a run in the fourth. They added another in the seventh on Robinson's single and Walt Dropo's double.

## In Front

By JIMMY DEMARET

The initial position in the stroking of all putts is "in front," as shown in the accompanying illustration.

I recommend it. With the leading edge of the putter placed in front of the ball while you are sighting the intended line, it is far easier to concentrate on forming a right-angle relationship between where you want the ball to go and the face of the club. This makes the job much simpler than it is when the curve of the ball is between the clubface and the desired route of the ball.

Once the line has been sighted and the club properly related to the ball according to the findings of the sighting, the leading edge of the putter is, of course, placed behind the

## Outdoor Notes

COLUMBUS, Ohio (AP)—Ever see a two-pound black crappie measuring 15-plus inches?

## Souchak Holds Lead In Golf Tournament

DENVER, Colo. (AP)—Between fish jumping out of lakes, Tommy Bolt throwing clubs into them, kids swiping balls from drainage ditches, and the sun baking Cherry Hills to unusual toughness, the 60th National Open Golf Tournament is off to a rousing start.

Mike Souchak, 33, former Duke football player from Grossinger, N.Y., grabbed the first-round lead with a 3-under-par 68.

Challenging Souchak are Jerry Barber, 44, Los Angeles and Henry Ransom, 49, St. Andrews, Ill., both with 69s.

Most everybody thought this 7,004-yard, par 35-36-71 Cherry Hills course was going to play to a cinch, but only eight other golfers out of the field of 150 managed to break par on opening day.

Doug Sanders of Miami Beach, one of eight tied at 70, might have led but a fish jumped in the lake in front of the 18th tee just as he was hitting his drive. He hit the ball into the water and took a double bogey 6.

If Sanders had a jolt, Bolt had one, too.

After hitting out of bounds on No. 11, but managing a par 5 anyway, tempestuous Tommy hit into the water at the par 3 12th and took a 6.

Burning, he struggled on to the 18th and there hit two drives into the lake in front of the tee. He fired his club into the lake after the second shot, barely missing playing partner Claude Harmon. He wound up with an 8 on the par 4 hole, a 35-45-80 for his round and withdrew.

"I'm as sick as a dog," he said.

He was sicker when the PGA tournament committee told him he was fined \$100 for "conduct unbecoming a professional."

The drainage ditch episode belonged to tourney favorite Arnold Palmer, the Masters champion from Ligonier, Pa. His drive went into the water-filled ditch that snakes along the right side of the No. 1 fairway. It really didn't mean anything when the ball was picked up. Palmer had to drop another behind the hazard, but he took a double bogey 6 and despite five later birdies, shot a one-over-par 72. The tourney continues with another 18 today and the 36-hole windup for the low 50 and ties Saturday.

South-central Ohio has produced some good fishing this spring. A 44-pound shovelnose catfish, and two 25-pounders, were taken from Paint Creek, near Bainbridge.

A youngster pulled a five-pound smallmouth bass from Rocky Fork Creek below the dam in Highland County. Rocky Fork Lake is yielding some whopper crappies.

Nice largemouth bass are being taken in Caldwell Lake, Ross County, and Vesuvius Lake in Lawrence. Don Thompson, assistant game supervisor, used a night crawler to bring in a four-pound, 11-ounce largemouth bass in Stewart Lake in Ross County. He has taken 250 bass this spring, and Apgar has caught 10 while fishing four nights weekly for 11 weeks. Thompson and Apgar decline to divulge their best fishing spots.

More than 77,000 muskellunge fry, 10 days old, have been stocked in various spots since June 1, with another 24,000 still to be released. The half-inch "tiger" fry were released in: Xenia Fish Farm, 13,000; Senecaville Ponds, Guernsey County, 18,000; Newton Fish Farm, Hamilton County, 15,000; Indian Lake, 10,000; Acton Lake, 6,000; Monroe Lake, 4,000; Dow Lake, 3,200; Hoover Reservoir, 4,000, and Kincaid Fish Farm, Ike County, 4,500.

Those released in the various fish farm ponds will be reared to 7-12 inch size and then released in suitable muskie waters.

More than 750,000 walleye fry were stocked in Rocky Fork Lake in Highland County last month, and the same number dumped in Delaware Reservoir in Delaware County.

Hatched at South Bass Island in Lake Erie, the fry were transported in plastic bags of water charged with oxygen.

## Athletics Belt Yankees 9-1

Chisox Whip Nats; Tigers Beat Bosox

By The Associated Press  
When the Kansas City A's finally decided to stop the nonsense, they really did a job. They belted the Yankees 9-1 Thursday night, blocking their shot at the American League lead.

It was the A's first victory over the Yanks in nine tries—and their first over southpaw Whitey Ford in seven years.

With the Yankee defeat, Baltimore bounced back into first place by 1 1/2 games over New York and Cleveland, tied for second. The Orioles had beaten the Indians 3-2 in 11 innings on Ron Hansen's home run in an afternoon game.

The Chicago White Sox clung to fourth place, 2 1/2 games behind, by whipping Washington 10-4. Fifth-place Detroit defeated Boston 6-5 in 10 innings after Ted Williams' 499th home run gave the Red Sox a tie in the ninth.

In the National League, Pittsburgh built a four-game lead by beating second-place San Francisco 10-7 for a sweep of the three-game series. Third-place Milwaukee defeated Chicago's Cubs 10-7. St. Louis made it four straight with a 6-5 win at Cincinnati. Los Angeles beat Philadelphia 10-6.

Left-hander Bud Daley's four-hit pitching made it a breeze for the A's who had lost 14 in a row to Ford since August 22, 1953. Daley, top winner in the AL and tied with Pittsburgh's Vern Law and St. Louis' Larry Jackson as the winningest in the majors, struck out four and walked four while squaring his lifetime mark against New York at 4-4. The Yanks' run came in the second inning, when a walk to Ford forced it home.

Ford (2-5), losing three in a row for only the second time in a nine-year career, was beaten in a two-run first. Bob Johnson's double, infield hits by Hank Bauer and Dick Williams and a single by Norm Siebern, did it. The A's, who were 0-13 against Ford since their shift to Kansas City, then chased the little lefty on Johnson's two-run single as they scored five in the seventh.

Baltimore won the series at Cleveland three games to one after blowing a 2-0 lead in the ninth. Jack Fisher (5-4) gave up seven hits, losing the shutout and the lead in the ninth on Johnny Romano's home run, Tito Francona's double and a two-out pinch single by Chuck Tanner. Barry Latman (1-1), was the loser in relief.

The White Sox picked up four unearned runs in the third, blew a 4-2 lead and then beat ex-mate Ray Moore (1-2) with a sixth-inning run. Earl Battey and Bob Allison each hit two-run homers for the Senators. Gerry Staley (8-2), who pitched three hitless innings of mop-up relief, was given the victory although Dick Donovan was the pitcher of record when the White Sox cracked a 4-4 tie in the sixth.

Consecutive one-out singles by pinch-hitter Sandy Amoros, Eddie Yost and Frank Bolling beat Boston for Tiger reliever Dave Sisler (4-2). Williams' home run, seventh of the season, came off lefty reliever Hank Aguirre.

## Salem Legion Team Faces Cadiz Sunday

The Salem American Legion baseball team will meet Cadiz in 10th District League game at 2 p.m. Sunday at Centennial Park. Salem Manager John Dermotta has called a practice session for 1 p.m. Saturday at the Park.

## Major League Stars

Pitching — Bud Daley, A's, ended Yankees' streak at seven with four-hit, 9-1 victory.

Hitting — Bob Skinner, Pirates, drove in five runs, overhauling Giants lead with grand-slam homer in fifth inning and getting a single in decisive eighth inning of 10-7 victory.

## Hot Stove Leagues

Class H joined the other Hot Stove Leagues in reggar season competition Thursday.

Class H, which has eight teams composed of the youngest players in the HSL program (7-10 years of age) recently completed a practice round. They play their games at Reilly and Buckeye Schools.

### Class E

Deming Co. CIO under Manager Pete Sanders continued to rule the roost in Class E with a hard-fought 5-4 win over its closest rival, the Youngstown Kitchens CIO.

Deming Pitcher Tom Owen had Kitchens shut out for four innings but the YK club tied the score with three runs in the fifth. Don Smallwood's double was the big hit in the inning.

Deming recaptured the lead in its half of the fifth with two runs. A single by Owen, a walk and an error plated the two markers.

YK got one run back in the sixth but Owen closed the door in time to preserve a 5-4 victory. Owen fanned eight and walked five in picking up the win.

Gary Edwards gave Deming only four hits, but his teammates committed five errors which figured in three of the winner's five runs.

## Cardinals to Conduct Tryouts at Campbell

The St. Louis Cardinals will conduct a baseball tryout camp at Roosevelt Field in Campbell on June 30, July 1 and 2.

The tryouts will be directed by Red Bird Scout Ollie Vaneck and will get underway at 10 a.m. each day. A player must be in the 17 to 23-year age bracket. No equipment is needed other than a glove, shoes and a uniform, if the player has one.

A player signed to a contract will be refunded any expenses incurred as a result of attending the camp.

To take part in the tryouts, an American Legion player must have a letter of approval from either his Legion coach or post commander.

## Brown Signs For 2 Years

Cleveland Apparently Gave Fullback Raise

CLEVELAND (AP)—The Cleveland Browns have signed their sensational fullback, Jim Brown, to a two-year contract, putting an end—for the time being, at least—to talk that Brown might quit football.

Brown had said earlier this year he had an offer to go into another sport and indicated he would accept the offer unless he got the same sort or raise he received after the 1958 season, when he set the National Football League record for rushing—1,527 yards.

Apparently Brown, who led the league in rushing last season for the third straight year, got the raise. Although terms of the contract were not made public, Coach Paul Brown said today Jimmy was "being paid in line with being the best running back in the history of the game."

The coach said the option clause in the contract in effect binds the big fullback to the Browns for the next three seasons.

Jim never identified the other sport in which he was interested, but it was reported the all-around athlete had been considering a career in boxing. The 6-foot-2, 228-pound Brown starred in basketball, lacrosse and track at Syracuse University as well as in football. He reportedly was offered a boxing contract when he left Syracuse but passed it up for football.

Coach Brown said he doubted that Jim "ever seriously considered a career in boxing or another sport."

Brown won the NFL rushing title with a total of 1,329 yards last year. In three years he has gained 3,798 yards rushing, and if he keeps on at this spectacular rate he will soon pass the team record for total yards gained—4,712 yards—set by Marion Motley from 1946 through 1953.

John Tolson pitched a three-hitter and struck out 13 batters for Scott's in its win over National Cleaners.

Tolson was also the hitting star of the game, collecting two triples and a single in four trips to the plate.

Singles by George Christofaris, and Rick Liber and a double by Bob Wagner were the only hits off Tolson.

Scott's iced the game with a five-run rally in the sixth inning.

## Herron's, Theron's Are Winners

## Stepanic's Jolts Orphans 4-2 To Take Over League Lead

By DICK BRAUTIGAM

Stepanic's Tavern relaxed Old Dutch Beer in first place in the Class AA Softball League as result of action Thursday night at Kelley Field.

On the big bat of Sam Pridon who smashed two home runs, Herron Transfer dumped Old Dutch 4-2 and sent them tumbling out of first place, Stepanic's took over the top spot by tripping Orphans, 4-2.

In the only Class A game played last night, Theron's IGA upset Carl's Tavern 9-6 with a five-run rally in the seventh inning.

Pridon knocked in all four Herron's runs in the Truckers' win over Old Dutch. Each of his home

runs in the first and third innings came with a man on.

Roger Wyss handled the hurling chores for Herron's. He held Old Dutch to five hits, fanned nine and walked seven.

Hank Miller scattered eight hits for Old Dutch, but he made two mistakes with Pridon and they cost him the ball game.

STEPANIC'S BUILT up a 7-1 lead through the first six and a half innings, then sweated out a four-run rally by Orphans in the seventh.

A two-run homer by Manfull in the top of the seventh proved to be the margin of victory. Glenn Mercer was the winning pitcher.

Stonemetz pitched the first six innings for Orphans, giving up single markers in every inning but the pitch in the seventh and dished up the home run ball to Manfull.

Carson McNeely and Ed Stefane each had triples for Stepanic's.

The victory gave Stepanic's a season record of 5-2. Old Dutch is a half game out with a 4-2 mark. Herron's moved into a tie with Shaffer Ford for third place. Both are playing .500 ball with 3-3 records for the season.

SONNY JACK climaxed Theron's five-run outburst in the seventh against Carl's. Pitcher Gerry Bryson hung a curve to Jack and the slugging third baseman for Theron's cleared the sacks with a hard smash to center field. The ball banged high off the fence and Jack pulled up with a triple.

Carl's had jumped off to a six run lead in the first two innings. It pounded Red Dotson for six hits and three runs in the opening two frames. Dotson then settled down and pitched shutout ball the rest of the way, yielding only two hits over the last five innings.

Welsh started on the mound for Carl's. Bryson hurled the last two innings and got tagged with the loss.

Hard hitting Clarence Lease enjoyed a perfect 4-4 at the plate for Theron's. Reisinger collected two singles and a double in four at bats for Carl's.

## Pirates Beat Giants 10-7

Braves Beat Cubs; Dodgers Trip Phils

The Los Angeles Dodgers, wobbly world champions thus far, find out whether they're really on the way back tonight when they open a three-game series with Pittsburgh's National League-leading Pirates.

The Dodgers climbed into fifth place with a 10-6 decision over last-place Philadelphia Thursday night. The champs, nine games out of first place, have won four of their last five games—al against Cincinnati and the Phils. Pittsburgh completed a three-game sweep at San Francisco with a 10-7 victory. The Pirates now have a four-game lead over the second-place Giants who have lost four in a row. Milwaukee five games back in third, defeated the Chicago Cubs 10-7. Fourth place St. Louis made it four straight, spilling Cincinnati to sixth with a 6-5 decision.

The Pirates, backing right-hander Vern Law (9-2) to face the Dodgers' Stan Williams (5-0) tonight, took two of three in their last trip to Los Angeles. But the Dodgers sent them skidding out of first place with a three-game sweep at Pittsburgh three weeks ago.

In the American League, Baltimore bounced back on top by defeating Cleveland 3-2 in 11 innings. That gave the Orioles a 14-4 lead over the Indians and New York, tied for second. Kansas City ended the Yankees' winning streak at seven, 9-1, with their first victory over southpaw Whitey Ford in seven years. The Chicago White Sox beat Washington 10-4. Detroit defeated Boston 6-5 in 10 innings.

Wally Moon and Frank Howard each hit three-run homers for the Dodgers, who tagged loser John Buzhardt (2-5) and three relievers for 15 hits. Moon's shot climaxed a four-run third and he then brought in the clincher with a sacrifice fly in the fifth for a total of 22 RBI in a 12-game hitting streak.

Southpaw Johnny Podres (6-5) won for the fourth time in his last five decisions. He gave up 10 of the Phils' 14 hits and needed relief help in a four-run eighth. Bob Skinner drove in five runs from Pittsburgh, bringing the Bucs from behind with a grand-slam homer in a six-run fifth inning as they beat Jack Sanford (6-3) for the first time in two years. Consecutive triples by Don Hoak and Bill Mazeroski gave Pittsburgh the decisive run in a three-run eighth against reliever Johnny Antonelli. Wilmer (Vinegar) Bend (Mizzell) (3-4) was the winner, but was chased in a five-run ninth capped by Willie Kirkland's three run homer off Roy Face.

Three runs in the eighth did it for the Braves with Hank Aaron's two-run triple the payoff shot against losing reliever Joe Schaffernoth (0-1). Reliever Ron Piche won his first in his third major league decision, although blowing a 6-5 lead when Don Zimmer greeted him with a solo home run in the seventh.

The Cards, seven games behind Pittsburgh, beat Bob Purkey (5-3) with a 6-1 lead in five innings. Lindy McDaniel had to save it after a two-run homer by Frank Robinson got the Res rolling for four runs against winner Ernie Broglio (4-2) in the eighth.

## 3 Clubs Sign 5 Kid Stars For \$420,000

By The Associated Press  
Within the past 48 hours, Cleveland, the Chicago Cubs and St. Louis—all avowed anti-big bonus clubs — and San Francisco have met price tags totaling an estimated \$420,000 to sign five teenagers in major league baseball's annual rush on kid talent.

The Giants gave up about \$170,000 for two of the kids Thursday. They signed Chuck (Cap) Peterson, 17-year-old shortstop from Tacoma, Wash., for an estimated \$90,000 a few hours after shelling out an estimated \$80,000 for Randy Hundley, 18, Martinsville, Va., catcher.

The Indians got into the sweepstakes Thursday by bundling up \$75,000 to snare Sam McDowell, 17-year-old left-hander who has pitched 40 no-hitters, in a bidding brawl with 13 other clubs.

Wednesday, the Cubs paid an estimated \$125,000 for 17-year-old Danny Murphy, right-hander pitcher from Danvers, Mass. The Cardinals paid an estimated \$50,000 the same day to Jerry Marx, 18, shortstop from Cincinnati.

# The Doctor Says

By HAROLD THOMAS HYMAN, M.D.

## Various Muscles Rule Body's Functions

"Tell me what makes my muscles work," writes a reader. We have three different kinds of muscle fiber in our bodies. The muscles I'm using to type this column have cross hatchings and they're called striated. They're also referred to as voluntary since they operate under the control of my will.

Dr. H. T. Hyman

The muscles that regulate the functions of our blood vessels and internal organs are called smooth since they have no cross hatchings. They're also referred to as involuntary since we can't will them to contract or relax.

These involuntary or smooth muscles do respond, however, to our emotions.

You can't make yourself blush or grow pale. But if I say or do something that embarrasses you, the muscles that control the size of the small facial arteries may relax, blood will rush into the relaxed vessels and I see your cheeks redden.

If you respond with some remark that riles me, the muscles

that control the size of the small arteries of my face may contract, blood is squeezed out of the constricted vessel, and you'll note that I turned "pale with anger."

**EVEN MORE** remarkable than striated or smooth muscles are the very special muscles of the heart.

While the nerves to the heart respond to our emotions, heart muscle is not influenced by our will or our feelings.

Regardless of circumstances, heat muscle continues to function every second of our lives.

And each time the heart beats, it beats to the very best of its ability. Unlike voluntary and involuntary muscles that may respond mildly or with intensity, cardiac muscle gives the best of which it's capable each time it contracts.

It's an all-or-none proposition with the heart.

**AND THIS TALK** about muscles leads me to moralize a little. While altogether too many of us imitate the less ambitious striated and smooth muscles, and give to our tasks no more than the necessary minimum in order to "get by," some others of us function like cardiac muscle.

Responding all-or-none to what-

ever arises in our lives, we knock ourselves out prematurely, like the prize fighter who loses his bout in the dressing room.

To my mind, it's this all-or-none attitude that destroys many of our most valuable men and women in the prime of their lives.

It's not their hypertension or their ulcer or their coronary thrombosis that's at the root of their premature disablement or death but the all-or-none drive that exacts the tragic penalty.

**IT'S ALL VERY WELL** for those of us who practice medicine to warn our patient to "take it easy" or to prescribe sedatives, tranquilizers and hypnotics. But the main task is that of members of the family and associates.

Like the catcher who goes to the mound when his pitcher seems to be losing control, the considerate relative or friend calls time offers words of comfort or a pat on the back, breaks the strain with a wisecrack, and reminds the tense contestant that "you can't win them all."

# 'Down On The Farm'

## News of Meetings, Helpful Hints For Farmers

### Wheat Acreage Plan

The ASC County Office is accepting wheat allotment applications for certain farms.

A producer who intends to seed wheat for 1961 on a farm which a 1958, 1959 or 1960 allotment was not established, irrespective of whether or not wheat was seeded for harvest as grain in those years, and who desires to be considered for an allotment must make application for an allotment, according to L. L. Moff, Chairman of the Agricultural Stabilization and Conservation Committee.

Application forms are available in the Mahoning County ASC office, 7 W. Main St., Canfield. The producer must apply in writing by June 30, 1960.

### Conservation Contracts

Chairman Ted E. Rupert, Ohio Agricultural Stabilization and Conservation Committee, today announced that Conservation Reserve contracts which expire in 1960 or later years are no longer eligible to be extended for an additional period of years.

Previously, contracts entered into for 5 years or less have been eligible for extension up to the maximum of 10 years upon application filed with the county ASC committee at any time before the original expiration date.

Mr. Rupert said the extension of contracts is being stopped at this time because of the fact that extension of a contract has the same effect as a new contract and would require the expenditure of additional Conservation Reserve funds. Under present legislation no new Conservation Reserve contracts may be entered into.

The only exception to the cut-off on extensions is in the case of contracts calling for tree-planting for which seedlings are not available. Such contracts must be extended one year for each year seedlings are unavailable. Mr. Rupert said the present ruling has no effect on the period of existing contracts. These will continue in accordance with contract terms.

### Cost-Sharing Program

L. L. Moff, chairman of the Mahoning ASC County Committee, encourages farmers to file requests for cost-sharing for Agricultural Conservation Practices that can be established in early summer.

Two practices that require soil tests, and both with deadline dates of Aug. 15, are:

A-1, Permanent Cover for Orchards and Vineyards.

A-2 Establishment of Permanent Vegetative Cover (Permanent Pasture) with the county ASC committee.

## News of 4-H Clubs
